LEIGH ANN LINDSEY

DEPTH PSYCHOLOGY PHD CANDIDATE,
HHP, FES, CZS, MBA

While pursuing her PhD in Depth Psychology & Integrative Healing, Leigh Ann is also the Founder of The Accrescent, a mental health and emotional wellness practice. Through her practice, she supports individuals experiencing cancer or chronic illness through EVOX Therapy (voice mapping + biofeedback technology) and subconscious work. Her ultimate goal is to support clients through the turbulence of a health diagnosis while also identifying and releasing potential emotional & subconscious contributors to disease.

LEIGH ANN'S SKILLSET INCLUDES:

- Depth Psychology
- Somatic Experiencing
- Neuro-Linguistic Programming
- EVOX Voice Mapping Technology
- Nervous System Support
- Chronic Illness & Cancer
- Generational Trauma

POTENTIAL SPEAKING TOPICS

- What led you to work with cancer patients?
- Why do you think emotional & subconscious work is an important component of the healing journey?
- How is your approach to this work different from conventional therapy? Can you explain both EVOX & unconscious work?
- What are common struggles you support patients in overcoming with present-day turbulence?
- Are there any themes you see when working with patients regarding the type of cancer and past trauma or present-day patterns?
- How do you support clients/patients outside of sessions with your Healing Alchemy Membership?
